The vision of the Multi-Faith Multicultural Centre was reinforced when a group of faith and community leaders at the 10th year anniversary of Pure Land Learning College Association, including the former Mayor of Toowoomba, Mr. Peter Taylor, expressed their wish for and offered their support to help establish Toowoomba as a Model City of Peace and Harmony.

The Multi-Faith Multicultural Centre is using the three initiatives of training, learning, and engagement as guiding principles in the initial stage of this peace and harmony journey. The pictures below summarized some of the training, learning, and engagement aspects done this year.
