

## Welcoming Venerable Master Chin Kung, President and Founder of Pure Land Learning College Association INC.

We are delighted that our Venerable Master Chin Kung is here with us in Toowoomba. His visit is to renew and strengthen relationships with faith leaders, community representatives, and many of his friends. The meetings generated lots of ideas and suggestions about how we could work together to promote peace and harmony in our diverse community in Toowoomba. One of the main focuses of the discussion was the need for us to promote education as the key towards stability, peace, and harmony.
