

### Art and wisdom of traditional Chinese culture

During 22 to 23 March 2019, Toowoomba residents took part in day-tour workshops on traditional Chinese culture conducted at the Faith Gallery of the Pure Land Learning College Association Inc. The time-honoured book, the Three Character Classic provided a panoramic window into traditional China, its principles for harmony in interpersonal relationships and how people related to the environment. Participants also enjoyed a taste of calligraphy and exploring the world of the Chinese characters that have connected people across time and space.

Workshop Facilitators**

Did you know that just as the sun brings essential light, warmth and energy to life every day, one of China's ancient classics, the Book of Changes (Yi Qing 易经), encourages us to emulate nature's constant kindness and strive to improve our character without rest.
