The 14th Toowoomba Languages & Cultures Festival – 11 August 2019

Members of the Toowoomba Interfaith Working Group (TIWG) and youth members from the Toowoomba Youth Peace Group participated at Queens Park by having a stall which consisted of banners with quotes from each of the ten major world religions, a display of The Scriptures 360, free tea, coffee and biscuits, and an area for children's activities. This was a significant statement to the wider Toowoomba community that people of different faiths can work together to promote peace and harmony in our community.

Members took turns to offer passers-by tea, coffee and biscuits, while introducing them to The Scriptures 360, which consisted of 360 quotes from each religion, and the upcoming Interfaith Peace Conference. People were very interested in The Scriptures 360, and many had registered to have a copy posted to them.

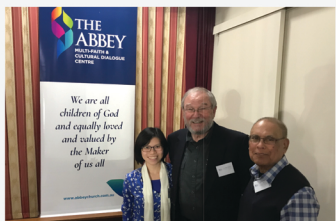

Overall, it was a highly satisfying and enjoyable experience for me, and it further cemented those bonds of friendship between us and also sent a clear message that interfaith collaboration is possible and highly beneficial towards building peace and harmony between people of diverse beliefs.
