

Toowoomba Hospice

On March 30 2022, Haniff Abdul Razak represented the Pure Land Learning College Association in a visit to the Toowoomba Hospice for a cheque presentation. Board Members and several guests from Pure Land witnessed the presentation and were later entertained to a tea session with the guest.

It was a pleasure meeting with hospice team. Their efforts in creating a comfortable home-like environment for vulnerable people are commendable. Pure Land is proud in continuing to support the work that Toowoomba Hospice does to provide care and soothing service to communities and families with their loved ones.
